MACHADO SILVETTI ASSOCIATES, INC.

MACHADO SILVETTI

Machado Silveti Associates, Inc., is an architecture and urban design firm known for distinctive spaces and unique works of architecture in the United States and abroad. Silveti designs result from the careful integration of the client's aspirations, the project's programmatic requirements and the culture and character of its location. In everything they believe that design should exceed the merely functional or inevitable, and that architecture can meaningfully advance society and culture. Their projects are meant to be timeless—profoundly responsive to present conditions while firmly related to the history and culture of architecture. And through an inseparable commitment to architectural invention and innovative technique, they work to ensure that clarity resonates throughout a design from concept to construction.

Rodolfo Machado and Jorge Silveti have been in association since 1974. They formally incorporated Machado and Silveti Associates in 1985.
